

ISSUE: 1 February 2016
20160206

Dear RC -friends!

This newsletter should be considered as a complement to our homepage

www.mkeskil.se which we recommend you

to visit. The newsletter will be issued rather frequently and contain information regarding activities mainly related to our major races.

Nordic Championship 2016 1/8 and 1/10 IC Track & Warm up for EC 1/8 Track.

This race will be the first outdoor race for the season at our track, Gröndal Ring Eskilstuna Sweden and will take place at May 27-29, 2016 and we hope to see you all there, Nordics as well as European drivers. It is rather easy to find the track since it is located close to the E20.

What have will we do in order to organize a pleasant race?

- *We will prepare the track so the grip will be perfect. Equipment has been developed.*
- *We will make sure that fuel can be bought at the track. It will make it easier to travel.*
- *Enough space under roof for all drivers/mechanics. Of course electrical power is available for all.*
- *For those of you that will come with mobile homes, parking will hopefully be very close to the track. Discussions with the community is going on.*
- *Warm food will be served as well as fast-food during the race days to reasonable prices. Refreshments is of course available.*
- *On Saturday night a banquet will be held downtown Eskilstuna. All on the clubs expense.*
- *We have negotiated with a number of hotels in Eskilstuna, you can see which at our homepage, regarding prices and we have appointed one hotel as our first choice: Clarion Collection Hotel, Bolinder Munktell (State **MKEskil2016** when booking. The code is valid for all races. (All Prices including VAT))*

For a price of €90 you get a very nice double room downtown and included in the price is breakfast, afternoon coffee (maybe mainly for family members since drivers will be racing)

and an evening buffet. EVERY DAY/EVENING. We consider the price as unbeatable. However May is a month with many activities, events and conferences going on in Eskilstuna, so book your room on time. We have only managed to reserve 25 rooms.

- For more information see our homepage www.mkeskil.se

- If you like to see a part of the Swedish Cup final in 1/8 IC Track click on this link:

LOOKING FORWARD TO SEE YOU AT THE RACE

European Championship A 1/8 IC TR July 11-16 2016

In addition to the information under the Nordic championship and Warm Up regarding preparation, fuel, hotels etc. following could be added;

- Control tires will fulfill the EFRA regulations. However an idea has come up how to reduce tire cost. The idea will be brought forward to the EFRA chairman in 1/8 Track to see if it is a feasible solution.

- If needed, transportation could be organized back and forth from the airports to the hotels. Even transportation back and forth between hotels and the track can be arranged every race day, all this to a reasonable cost. However, this service need to be pre-booked.

- The banquet on Friday night will be held in a rebuilt factory that now serves as a museum for construction machines (Old processing machines and old/new construction machines) Some kind of entertainment will also be given during the dinner. All on our expense.

- EFRA Media Partner will be on site.

- Since the track, Gröndal Ring, is situated at a large Motorsport center some other motorsport activities will probably be arranged during the race week. (Such as drifting, Go cart, Motocross, Offroad, Speedway. Possibilities to test will be given.) Negotiations with other clubs is going on.

- On Tuesday night, in the race week, a speedway match in the Swedish elite liege will be run. Negotiations regarding free tickets is going on.

Further information will be given in future newsletter and at our homepage www.mkeskil.se VISIT!

If you have any questions please contact our race coordinator Patric Henriksson on: tavlingssamordnare@mkeskil.se

See you on track;

Best regards

Tyrone /Race director and Chairman MK Eskil
